EDUCATION

Kamla Nehru Institute of Technology

sep20-present

Bachelor of Technology

CGPA-8.95

Kendriya Vidyalaya B.H.U

April 2018 to March 2019

Intermediate

Percentage- 85%

Kendriya Vidyalaya B.H.U

April 2016 to March 2017

Hghschool

CGPA-10

SKILLS

- C Programming
- C++ Programming
- HTML, CSS, JavaScript
- Node.js, EJs
- MongoDB

PROJECTS

Food website

- I have designed this food website as my first project on HTML and CSS. I have included the images and links as well .I have included a contact form and buttons with hovering effect also. Including only the basics of HTML and CSS, I have made my first website.

Helping hand website

- This website is designed by me. I have included many information like the things available for the poor, ho w to donate the poor etc.

Basic Bank System

I have this project using HTML, CSS, Javascript, Node.js,EJs and MongoDB. I have made dynamic web pages using EJs template engine to move from one page to another. I have include home, members, transaction and history related pages in the project and used MongoDB as the database.

Made dynamic pages to add new member and add money to account .

And keep track of all new entries and update them.

CERTIFICATIONS

Google Hashcode 2022

Google

- Qualified the Google Hashcode 2022 with 415322pts.

ACHIEVEMENTS

- I have solved more than 150 problems on Codechef and leetcode. I am currently a 2 star coder at Codechef.
- Currently I am a web development intern at Spark foundation.

GoogleCloudReady Facilitator program

Completed milestone in GoogleCloudReady Facilitator program in 2022.
